Description

I take immense pride in welcoming you to Vidyasagar Senior Secondary School and at a time we feel immense pleasure in shaping the dream of Shiksha Educational Trust into a well established institution in Dhubri. We have a mission to develop it into a landmark of transformative learning in Assam. This institution envisages fulfilling the dreams and aspirations of countless parents and students who yearn for an institution with a futuristic learning environment that prepares students not just for the challenges faced by society today but for those challenges that are likely to emerge tomorrow.

The school is a unique mix of the traditional and the modern. It blends old and time-tested values with modern knowledge and state-of-the-art-facilities.

Value education or orientation has one of the most important focuses at Vidyasagar. We teach the value of respecting elders through the motto "Mata Pitha Guru Ishwar" "Mathru Devo Bhava, Pithru Devo Bhava, Guru Devo Bhava".

Also at Vidyasagar Senior Secondary School, every student is expected to "Spread The Light" of knowledge, wisdom, compassion, humility, humanitarianism, and above all love for all mankind. The Indian Prayer "Tamaso mAjyotir gamaya" means "From darkness, lead me to light" may be interpreted to mean the same, which is our motto.

The institution serves as light house giving light to all the coming generations. It is open to people of all religions, colours, caste, and creeds conforming to the ideals of unity of mankind.

We are dedicated to produce the best out-going students among the schools of entire Dhubri region. We want them to excel in whichever vocation they choose and to become truly useful citizens and good human beings.
